President's Pony Notes—By RJ Coberly

January, while not a notable month for car events, introduced us to our new meeting location in grand style and to a good time at the Eagle Days event with great soups and desserts – thanks to all who attended and to Paul and Rhonda Wojtowicz for hosting! In addition to completing the planning for the club's February display at World of Wheels, January also resulted in several other significant accomplishments being achieved for the club.

Lorie Kellogg, owner of Waterlogg Design (club member Everett Kellogg's daughter), has agreed to fulfill our club artwork requirements and I direct your attention to the completed Anniversary Poster, which includes the Anniversary Patch, appearing within the newsletter. Lorie is also working on artwork associated with the Annual Show, and the newly introduced and approved Tri-Bar Pony Award. Speaking for the board, we are exceptionally pleased to have Lorie working with us!

The Anniversary Poster will be used as a general recruiting tool for both new members and sponsorships, and both it and the Annual Show flyer will be available for World of Wheels. The Anniversary Patch will be available to club members and the design will appear on most of our printed material in 2014 in recognition of this milestone anniversary year.

Regarding the Annual Show in June, Hope Lodge of Kansas City has been approved as the show beneficiary and I'm pleased to announce that Bass Pro Shops, Olathe Ford, Mustang Plus and O'Reilly Auto Parts will continue their primary sponsorships for 2014. **Please note, the Annual Show date originally**

scheduled for June 21st has been changed to June 28th in order to not conflict with the High Five Tour event at Blue Springs Ford on the 21st.

Additionally, MCA notified Mark Raab of their intention to publish his write-up of the 2013 High Five Tour club event in the March issue of the Mustang Times, versus its initially planned appearance in February. Thanks to Mark for both preparing and submitting the article to them.

We were also informed by MCA that the Mustang Club of Greater Kansas City has been selected to host the 2016 Mustang Festival. Regular updates will be provided as the event is planned and more details become available. Thanks to Jim Peterson for spear heading the application process with Doye Ewert, and to Lorne Willard for his artistic presentation of what Kansas City has to offer this major event. Here's a great opportunity to be involved at the ground level for the planning of a major MCA national event – please give it strong consideration and sign-up!

Hope to see many of you at World of Wheels over the February 14th weekend, and at the Chili Supper on February 23rd. The Chili Supper will be held at our new meeting location, Bristol Hill United Methodist Church.

Tidbits

- Mid America Mustanger member Warner Henze has been featured as an original owner of his 1965 Mustang on the website <http://50th-anniversary-mustang.com/>. There are some other owners you might know as well from MCA shows across the nation.
- I was surprised to read this poll "Ford open to diesel, hybrid or electric Mustang?" on *Autoblog*. Not that much resistance to the turbo 4 cylinder and even a diesel. Just a slight lead for only a V8. <http://www.autoblog.com/2013/12/08/ford-mustang-diesel-hybrid-electric-report-poll/>
- *Car and Driver* did an excellent job on this interview with the Mustang team: <http://www.caranddriver.com/features/2015-ford-mustang-in-depth-with-the-team-that-made-it-happen-feature>.
- Watching the Beatles tribute while writing this and thinking about all cool things that happened in 1964 with the Mustang being introduced just after the Beatles invaded the US.
