

# MUSTANG CLUB OF GREATER KANSAS CITY

Official Publication of the Mustang Club of Greater Kansas City, Inc. Volume 32, Issue 2 February 2016

## President's Pony Notes—By Ed Mardiat

Wow, what a great time to own a Mustang and to be part of such a great club!

Being president, during an election year, it is comforting to know that when I was elected by the membership I didn't need a pithy slogan like to "Make the Mustang Club of Greater Kansas City Great Again", because it was already great! That was really due to such a great number of members who served before me. Not only did they serve as officers, or board members, but also nearly all of them are still active leading as an officer, appointee, or on a committee or in other areas of leadership.

This is my first goal for 2016: To work with the Board to create leadership, enthusiasm and fun activities that will help retain and grow membership. Our current Board and Appointees include new members and long-term members, many who have held key positions earlier. I believe the current board and appointees bring the perfect mix of leadership and enthusiasm needed to offer fun activities needed to retain current members while attracting new members. I believe that is truly what makes our club great!

Two years ago, we celebrated the 30th anniversary of the Mustang Club of Greater Kansas City; previously known as the Vintage Mustang Club of Kansas City. Last year we celebrated the 50th anniversary of the Mustang. 2015 included the launch of the 6th generation of the Mustang and the newest Ford SVT offering in the GT350 and GT350R (you may enjoy the Everything You Wanted to Know link for the two models <https://www.youtube.com/watch?v=YYw2itrZhOE>). In 2017, the SVT team is working on bringing back new versions of the Boss and GT500 Mustangs, AND our club will be hosting the MCA Grand National Car Show! Again, what a great time to own a Mustang and to be part of such a great club!

In closing, one of my favorite quotes from the movie A Faster Horse, and there were a lot of great quotes, was from Gene Halderman, the original designer of the Mustang, when he said:

"You know what I used to use as a gauge for cars that I worked on? I would say to myself, if I went to wash this car, would I feel happy out there washing and cleaning it? That was a desire, a personal goal I personally had. How many people like to go out and wash their car? Only if it's a favorite car they like to drive or something. If it's a car they don't really like that much, they don't wash it at all, right?"

I believe Gene's quote captures the essences of our club; how we all love our Mustangs, new or vintage, it's the common thread that brings us together...oh yeah, and we all feel happy out there washing and cleaning our cars! Hope to see you at our club display at the World of Wheels, February 12-14 and I cannot wait for the warm weather and our first Cruise Night in April!

Jack encourages members that would like to judge at MCA National shows and are an MCA member to go online and take the certified judges test for one of the classes you want to judge. When you pass a test, you will need to judge that class at an MCA show to receive your certificate. One of the best classes to start with is the daily/occasional driven cars. We will need a lot of judges this year because we are hoping for a large turnout.

If you have any questions, please contact Jack.
